

Instructions on how to create a PGN file

Step1: Visit the www.michess.org website and click – Tools – Game Viewer Link

Step2: You will see a screen similar like below

Step3: Move the pieces on the chess board and you should see the chess notation automatically popping up on the right. See a sample below.

Step4: Once you have completed your moves, Click the save button on the bottom right corner and your PGN text file will be automatically downloaded.
